

Fund for New Citizens 2018

The Fund for New Citizens in The New York Community Trust is accepting renewal grant proposals from selected 2017 grantees. Funding will be competitive, and grants will be awarded according to the priorities set forth in the Fund's 2017 Request for Proposals (RFP) and based on whether:

1. Activities and accomplishments from the past year made substantial progress toward the advocacy and community education goal(s) identified in the applicant's original 2017 proposal to the Fund; and
2. The activities proposed for 2018-2019 will further progress toward the applicant's advocacy and community education goals and/or toward new goals that respond directly to the current immigration policy environment.

As in the past, the proposed activities may include immigration policy advocacy at the local and state levels, community organizing around immigrants' rights, and/or know-your-rights trainings and emergency planning for at-risk immigrants and their families. Proposed activities should allow applicants to be flexible and responsive to unexpected changes in immigration law, policy, and services.

We anticipate that renewal grants will support work from October 2018 to September 2019, but you may propose a shorter grant period if appropriate. We will not accept proposals for grants lasting more than one year.
